

WILL NOT PERMIT WOMEN TO VOTE

Evans Amendment Killed in Assembly by 61 to 30 Vote.

WOODARD BILL IS DEAD

Senate Does Not Believe in Regulating Marriages by Aid of Physicians.

HALL RAILWAY MEASURE UP

Madison, Wis., April 9.—The Hall railway commission bill was a special order in the assembly this morning and its author made an extended argument for its passage. Dodge and Spratt also spoke for it though the latter favored an amendment simplifying the measure. It finally went over until tomorrow.

The Evans constitutional amendment permitting women to vote was killed in the assembly sixty-one to thirty after a short debate.

Killed the Marriage Bill.

The Woodward marriage bill requiring a physician's certificate of health before marriage is permitted was killed in the senate by one majority the vote being seventeen to sixteen.

The Thomas resolution requiring that all state land be appraised and placed on the market at their real value was passed by the senate. Senator Krueger withdrew his motion to reconsider the vote by which the bill licensing stationary engineers was passed and the bill goes to the assembly.

Condition of Business.

Madison, Wis., April 9.—Chief Clerk Newell last night made what was really his first report on the condition of business in the assembly. It shows how much hard work must be done in the lower house before the middle of next month. Most of the important measures are still in the committees. While the clerk's statement shows that 418 house bills have been reported, the 208 still in the committee include those of most moment and will cause the greatest contests.

Refuse Councils Authority.

The first thing taken up by the assembly last night was Mr. Gilman's bill authorizing common councils of the fourth-class cities to order streets sprinkled at the expense of the owners of abutting property. Mr. Gilman made another gallant fight for his measure designed especially for the benefit of the Fountain City, but he failed, the house turning down the bill by a large majority.

The senate held a short session last evening and received a veto from the governor. The veto relates to senate bill No. 392, providing that a certified copy of the Annotated Statutes be filed with the secretary of state.

Primary Election Bill

Today the leaders of the Stevens bill say they will do no killing. When the compromise comes in they will attempt to amend it but they do not say along what lines. It is generally understood however that the amendment will include legislative districts. There is a great deal of doubt whether or not the friends of the bill can summon enough strength in the assembly to do any amending and in the end it is generally believed that the senate compromise bill on optional lines will be accepted.

The senate opposition on the Stevens bill is from time to time holding conferences and perfecting plans for a compromise measure. It is likely that an agreement will be reached on all of the amendments now being offered by the opposition. This will be a bill on county lines.

PLOT TO ASSASSINATE LOUBET

French Detectives Informed an Attempt Would Be Made on His Life.

London, April 9.—A dispatch to the Evening News from Paris says that the French detectives were privately informed of a projected attempt to assassinate President Loubet during his coming trip.

Extraordinary precautions have been taken everywhere, and the usual police protection has been doubled. Outsiders have been excluded from the railroad stations. Ten thousand soldiers have been detailed to maintain order during the French president's stay at Nice, where stringent orders have been issued to rigorously suppress the slightest possible demonstration.

President Loubet is inclined to laugh at the detectives' fears that an attempt will be made upon his life.

F. Stoppenbach of Jefferson was in the city yesterday in the interests of C. Stoppenbach's Sons who operate a large packing house in that city.

LOGAN STATUE IS UNVEILED TODAY

Ceremonies Attended by President McKinley and War Veterans—Dewey Delivers Oration.

Washington, April 9.—In the presence of President McKinley and cabinet and a distinguished concourse of military men and war veterans, a magnificent bronze statue of Major General John A. Logan in Iowa circle was unveiled this afternoon. Master George Tucker, grandson of the great soldier, performed the act of unveiling; President McKinley made a ringing address and Senator Dewey delivered the oration of the day. Logan's old comrades of the societies of the Army of the Tennessee and Cumberland were conspicuous among those witnessing the ceremony.

NO POKER AT OSHKOSH

Chief of Police Issues Orders Forbidding the Game in Saloons and Public Places.

Oshkosh, Wis., April 9.—Chief of Police Weisbrod has issued orders forbidding the playing of poker in saloons and all other public places. The game has grown popular in a number of the back rooms of saloons and a number of saloon keepers have been taken to task. The patrolmen have been ordered to be on the watch to discover any violations of the order and the chief says that all caught allowing poker games will be prosecuted to the full extent of the law.

PROCLAMATION OF PEACE IS SIGNED

Aguinaldo Affixes His Hand and Seal to the Document—Col. Aba Has Surrendered.

Manila, April 9.—After his objections to two of the clauses in the peace proclamation to the Filipino insurgents have been overcome by Chief Justice Arellano, who drafted the document, Aguinaldo this morning affixed his signature to it. Col. Aba, leader of the Zambales province insurgents, has surrendered with thirteen officers, eighty-four men and nine ty rifles.

PHILANDER KNOX ATTORNEY GENERAL

Washington, April 9.—Philander Knox of Pittsburg was sworn into office as attorney general by Justice Shiras of the supreme court at ten thirty o'clock this morning in the private office of the president.

J. L. Graff of the Chicago Record-Herald was in the city today.

A GIANT RAILROAD COMBINATION; GREAT COAST TO COAST SYSTEM

The C. B. & Q. Goes to a Syndicate Which Will Make War on the C. M. & St. P. Road—Hill and Morgan in the Deal.

New York, April 9.—The Hill-Morgan syndicate has obtained control of the Chicago, Burlington and Quincy railroad and an official announcement is expected in a day or two.

It is said on the highest authority that the Burlington is to form a part of the transcontinental system, to consist of the Erie, the Chicago, Burlington & Quincy, the Union Pacific and the Great Northern. The line will be as follows:

New York to Chicago, Erie road; Chicago to St. Paul, Chicago, Burlington & Quincy; St. Paul to Pacific coast terminals, Great Northern and Northern Pacific.

Following the completion of the deal, it is said, there will begin a system of discrimination by all of these roads against the Chicago, Milwaukee & St. Paul road, which recently refused to accede to the terms proposed by Mr. Hill.

REBECCA MORGAN WILL SUSTAINED

Victory for Charlotte M. Goodrich in the State Supreme Court—Hard Fought Law Suit.

Among the decisions handed down by the state supreme court yesterday was the one from the 12th circuit. It was the appeal in the Rebecca Morgan will. The testatrix made her will January 19, 1895 and she died on March 28, 1899, she being eighty-four years of age.

The case was first tried before the county court and Judge Sale refused to allow the writ to be probated on the grounds that it was procured by undue influence exercised by Charlotte M. Goodrich, the proponent, a daughter of Rebecca Morgan and her husband, Ezra Goodrich.

From this judgment Charlotte M. Goodrich appealed to the circuit court and the case was there tried before a jury who found in favor of Charlotte M. Goodrich, that the will was made properly and that there was no undue influence exercised.

From this verdict, the son, Wm. T. Morgan and seven grandchildren contested the probate of the will and took appeal to the supreme court. It will be remembered that Rebecca Morgan was the widow of Isaac Morgan, one of the founders of Milton.

This has been a long and hard fought case, finally ending in a victory for the daughter of the testatrix. John Cunningham and Smith & Pierce appeared for the contestants, E. D. McGowan and M. G. Jeffris for Charlotte M. Goodrich.

The bulk of the state was left to the daughter, Charlotte M. Goodrich, and the son and seven grandchildren were the contestants.

BIG FIRE IN A CANADIAN HOTEL

Russell House and Theatre at Ottawa Burns—Guests Fled in Their Night Clothes.

Ottawa, Ont., April 9.—The Russell House, one of the leading hotels here, is on fire, and the Russell Theatre, in the same block, is already a total loss. The fire started at 1 o'clock this morning, after all of the 200 guests had retired for the night. The fire made rapid headway, so that the clerks and other employees of the hotel had only time sufficient to rouse the guests and warn them to escape without stopping to save any of their belongings. Many, in fact, reached the street attired in their night clothes. It is believed that in spite of the confusion and semipanic that prevailed for a while, all of the 200 guests succeeded in escaping with their lives. Occupying the same block with the Russell House is the Russell Theatre, at which the "Belle of New York" company was playing an engagement. It soon became evident that the theatre could not be saved. The company had left the theatre, but the entire equipment of scenery and costumes, which is unusually elaborate, is a total loss. The Russell House is a huge five-story structure facing on Sparks street and covering nearly the entire frontage of the block. It is built with the old-style mansard roof and ornamented at the corners and in the central front with square towers extending two stories above the main structure. The building is not fireproof and there was little hope of saving any part of it after the fire was found to have been fairly started.

LAWYER SHOTS HIMSELF.

Boscobel, Wis., April 9.—Paul Meyer a well-known attorney of this place, committed suicide yesterday afternoon by shooting himself. No cause can be assigned for the deed. He was 51 years of age and unmarried.

TO REPORT ON VENEZUELA.

United States Will Take No Action Pending Report of Loomis.

Washington, D. C., April 9.—Minister Loomis, the American representative at Caracas, is now on his way to Washington, and upon his arrival will advise the state department officials of exact conditions existing in Venezuela. The Navy department today received a dispatch announcing the departure of the Scorpion from La Guayra for San Juan, Porto Rico, with Minister Loomis aboard. At San Juan Mr. Loomis will take passage on a merchant steamer and go direct to New York. He is expected to reach San Juan on Wednesday evening or Thursday morning, and if he makes close connection will be in New York a week later. Much importance is attached to the coming of Mr. Loomis, as upon his report will depend to a large extent the action the United States may take in regard to the attitude of Venezuela toward the Americans and American interests in the South American Republic, which now seems to be in the hands of a dictator.

SMALL POX SCARE AT MADISON GROWS

Three New Cases Discovered Cause Fears That There May Be a General Epidemic.

Madison, Wisconsin, April 9.—The discovery of three new cases of smallpox here has caused grave fear that there may be a general epidemic. The doctors of the city today held a meeting to discuss the situation and decided to report and quarantine every suspicious case of eruption as soon as discovered.

A large number of persons have already been exposed and it is feared that many additional cases will develop. Twenty doctors were at the meeting which was held at the office of Dr. Philip Fox, city health officer.

The disease seems to have secured a firm foothold in the city and every effort will be made to eradicate it. If many additional cases develop it may result in the state university and the city schools being closed. Many members of the legislature are somewhat alarmed, though so far as known none of them has been exposed.

RESCUES SCHOOL AND HER PUPILS

Nebraska Teacher Drags Building Out of Flood After Swimming to Shore for a Rope.

Harrison, Neb., April 9.—Miss Lizz Cottman, a teacher, saved the lives of thirteen of her pupils, and also rescued the schoolhouse itself today. The building had started to float away because of the rapid rise of the White River, when the teacher partly waded and partly swam ashore. She secured a horse and rope and then pulled the school house to land with the horse.

PEACE SOLUTION IS IN SIGHT IN CHINA

Rumor That the Allied Commanders Have Agreed on a Basis Which China Can Accept.

Berlin, April 9.—A dispatch from Peking to the Cologne Gazette says: that the allied commanders have arrived at a practical solution of the difficulties attending the negotiations in China.

Fire at Rochester, N. Y.

Rochester, N. Y., April 9.—A fire at four o'clock this morning in a five story tenement caused a loss of one life, Mrs. Kenan. Seventeen families occupied the building, but the remainder were rescued by the department. At the same hour the residence of Mrs. Harriet Winters caught fire and the family of four were nearly suffocated.

Rev. R. C. Denison and W. S. Jeffris went to Chicago this morning.

BITTER STRIFE IS RAGING IN BELOIT

May Lose Electric Road Because the Factions Cannot Agree.

MR. CLOUGH DRAWS OUT

If He Can't Get a Fair Deal He Will Run Around the Little Place.

NEW PLANS ARE FORMULATING

The Beloit common council refused to pass the ordinance granting the Beloit Delavan Lake and Janesville electric road a franchise. The ordinance had already been given its first and second readings and it was thought that it would be put on its passage last evening.

Yesterday the Judiciary committee presented a new ordinance to Mr. Clough which contained many features objectionable to the promoters of the road. Mr. Clough looked it over carefully and noted the different clauses which he could not accept giving his reasons for the same. He told the judiciary committee that if certain things were eliminated from the new ordinance he would accept it. One feature of it was an urban road which took in both sides of the river. Mr. Clough told the committee that it would be impossible for him to comply with the requirements. He would build an inter urban road and give them the best service possible through the city.

The ordinance presented by the judiciary committee which Mr. Clough could not accept was that the inter urban line was to run the whole length of Pleasant street and the West side to secure a twenty minute service on the following streets; across the bridge to Bluff street; up Bluff to E and thence west on E street to the convergence of Brooks and Hackett streets; also a line from Bridge street up Fourth to the Rosenblatt factory. Do More Figuring.

Mr. Clough has not withdrawn from the field and is in Beloit today figuring with the judiciary committee on some amendments to the ordinance which will put it in shape so that it will be acceptable to him.

If he cannot get an ordinance to suit him he does not know at present what he will do but hopes to be able to bring the matter before the Beloit people in a light whereby they will see that it is to their interests to be liberal in the matter of granting a franchise.

The whole trouble in Beloit at present is that the matter has resolved itself into a fight between the two sides of the river. Neither side is willing to give in and both are making a strong fight to have the line on their side of the town. The West side asks that a bridge be built across the river above the dam and run down the west side and recross the city bridge to the east side. The college authorities object to this plan for the reason that it will spoil their boating course in the upper river. All these things are brought up to interfere with the granting of the franchise and unless the judiciary committee takes the matter in their own hands at the meeting this evening and settles it there is a fair prospect of the road going around Beloit as has been suggested by Mr. Clough.

Will Spend \$600,000

"Six hundred thousand dollars will be the total sum to be expended in the construction of the Rockford-Janesville electric line."

"Work will be commenced during the month of May and will be rushed to completion so that the line will be

THREATENS THE THRONE OF CHINA

General Tung with an Army of 10,000 Men Defies the Authority of the Emperor

Peking, April 9.—The rumors which have been current during the last few days of the outbreak of the rebellion, headed by General Tung Fu Sian, the former commander of the Northern army, in the provinces of Mongolia and Shen Si, have been absolutely authenticated. Li Hung Chang and Prince Ching have received information on the subject, which, though indefinite, still proves that the court is seriously alarmed. Is in League With Tuan. General Fu Sian was, according to last accounts, about 150 miles from the court with 11,000 regular troops, all supposed to be devoted to himself. The court has about the same number of soldiers at Sian Fu, but it is probable that the troops of Tung Fu Sian are better drilled and better armed. It is believed that the Mongolian rebellion was brought about through agents of Prince Tuan and General Tung Fu Sian. Li Hung Chang thinks that there are about 5,000 regular troops in Mongolia and inclines to the belief that they have not joined in the rebellion. Court in No Danger. He does not think that the court is in any danger and thinks that the object of Prince Tuan (who was last reported at Ning-Hsiu, with 10,000 men, prepared to resist arrest) and General Tung Fu Sian is to create at the present time to the interests of to force unconditional protection of themselves. Unofficial Chinamen of intelligence regard the rising as most unfortunate at the present time to the interests of China, and as possibly meaning the use of foreign troops to protect even the court itself.

THE FILIPINOS ARE BADLY CRIPPLED

Rebellion Against the United States Has Resulted in Heavy Losses of Men and Arms

Washington, D. C., April 9.—The rebellion against American authority has been a costly experience for the natives of the Philippines. Fifty thousand Filipinos form the lowest estimate of the war department of the casualties sustained by the Filipino forces; 7,687 rifles have been captured or surrendered and 605,142 rounds of ammunition, as shown by the incomplete returns, have been seized.

The number of Filipinos killed cannot be accurately determined by the department, as General MacArthur in his dispatches confessedly states that it is impossible to be accurate on this point, but it would not surprise officials should the losses sustained by the insurgents in killed and died of disease reach 25,000, and some say 50,000 is closer to the real figure. The

rebellion in the Philippines has been in progress for three years. Adjutant-General Corbin is satisfied that the casualties suffered by the Filipinos will in themselves form a potent reason for the abandonment of a further resistance by the natives. The progress made in pacification is illustrated by the figures in the possession of the department. For the twenty-seven months ending November 30 last the total number of Filipinos captured or surrendered was 13,468 officers and men and the number of rifles turned in 4,933. Since Nov. 30 last 6,600 officers and men have been captured or surrendered and 2,734 rifles have been delivered to or captured by American troops. The number of surrenders in the latter period have far exceeded those of any similar period to Nov. 30 last.

HERMANN THE GREAT

The Wizard of the Stage Will Appear at Myers Grand Opera House Tomorrow Night.

"Hermann the Great" will be the attraction at the Myers Grand tomorrow night. Herrmann has firmly established a reputation as a prestidigitator of the first class. He is in fact in a class all by himself and none of his competitors have been able to dim in the least the lustre of his achievements. His art has been defined by the ablest critics, and the worth and charm of the art are recognized by theatre-goers all over the world. He is a remarkable man upon whom too much praise cannot be bestowed. He is accompanied by the musically famous five (5) Nosses, who give an entertainment 80 minutes of high class musical selections on numerous musical instruments.

"ARIZONA AT THE MYERS."

A Brilliant Play Presented by a Competent Company.

A magnificent audience greeted a very fine production of Augustus Thomas' beautiful and thrilling play, "Arizona" at the Myers Grand last evening. The play is one of picturesque setting and strong dramatic scenes. Being laid in the far west among ranchmen and soldiers it has the peculiar dash and quick action that brass buttons and t/3 military swing give to a play. The scenery is very fine and the characters are very finely drawn.

Miss Elsie Esmond was delightful as Bonita, her sweet impulsiveness and pretty ways making her very fascinating. Miss Cecilia Castelle showed herself an actress of emotional ability as the foolish wife, a part which does not appeal to the sympathies of the people and consequently requires the greater art in its portrayal. The sweet, sad face and quiet ways of Beatrice Ray told the pathetic story of the wronged girl eloquently. Emily Stowe and Jane Taylor did acceptable work as the wife of the rancher and the school teacher.

Sidney Ainsworth did excellent work as the dashing young hero and was especially good in the love scenes. Charles W. Stokes was exceptionally strong as the bluff but noble rancher. William Clifton was handsome and very effective as the colonel and Dustin Farnum was a very fascinating villain. John Drury as the Mexican, Frank Kemble as the German sergeant, John Dillon as the Chinaman and Fred Strong as the doctor did some splendid character work.

The audience was very enthusiastic. The movement of the play was frequently interrupted by hearty applause and several curtain calls were given.

CITY FINANCES IN FIRST CLASS SHAPE

The annual report of City Treasurer James A. Fathers, submitted to the council at the last meeting, shows the city's finances to be in first class shape. The balances on hand in the several funds March 1, 1901, are as follows:

School	\$4,705.75
Memorial Day	75
General	2,017.25
Pine and water	231.05
Library	1,909.08
Lighting	7,077.75
Bridges	822.58
First ward	25.22
Second ward	208.55
Third ward	753.83
Fourth ward	656.82
Fifth ward	1,049.14
Municipal court	637.18
Tax certificate	425.44
Judgment	21.34
South Main street Macadam	972.72
West Milwaukee street service pipe	88.00
South Second street Macadam	792.88
	\$22,471.55

During the year the city has received from pupils residing outside the city the sum of \$955.40 for tuition. This shows that the city schools are kept up to a standard that makes them popular with the surrounding country. Many people send their children to the schools in this city rather than to schools nearer at home.

BITTER STRIFE IS RAGING IN BELOIT

(Continued From Page 1.)

in operation in October or November of this year.

"All that is now holding back the electric line capitalists is the granting of franchises by the Beloit and Janesville common councils."

These three statements were made the other day in this city at the Hotel Myers by H. H. Clough of Elyria, O., who is superintending the entire undertaking in the interest of Ohio men of fortune. Said Mr. Clough:

"The talk of there being other electric lines between Rockford and Janesville is nothing but talk, nor has it ever been anything else. We mean business. It now rests with the Beloit common council which meets this evening as to whether or not they favor us with a franchise to enter the business and resident streets of Beloit. I see no reason now why the council should not grant our desire."

No Trouble in Janesville.

"We will have no trouble in Janesville. The total cost of the entire line will be about \$600,000 which includes the entire right of way from the city limits at Rockford to Janesville. The power house will be located at Beloit and will be a model structure costing a goodly sum. The engines will be 2,000 horse power to

start with and will be enlarged as we see fit—for you know that it is our intention to lease power to manufacturers in Beloit, Rockford, Roscoe and Janesville. We have definitely decided that to enter Rockford on the east side of the river is by far the best for on the west side the lay of the land is by far too hilly. Nothing definite has been determined about the line being extended from Janesville to Madison. Just at present we have all eyes turned between Rockford and Janesville. When the work of construction commences we will work simultaneously at points near Rockford, Roscoe, Beloit and Janesville."

Great Men's Mistakes.

Calvin Crane, an eminent Quaker scientist, once said that any man who had the symptom of disease was on the road to the graveyard and that nothing but medicine would hasten his journey. Mr. Crane abhorred the doctrine of medicine and ridiculed it on every possible occasion. And yet he lived to receive the reverence of a nation because of the wonderful virtue of a medicine which he compounded. The medicine became known as "Quaker Tonic," and handed down through six generations the prescription is still surrounding the man's life with an increasing glory. Thus a profession, to which in his early life he was bitterly opposed, was destined to lift his name to prominence in history. When sick and exhausted from long hours of scientific research he was often heard to say: "Of what avail the greatest gifts of heaven when drooping hearts and spirits go amiss? Health is the vital principle of bliss." Quaker Tonic Tablets, which are compounded from the prescription of this eminent Quaker physician and scientist, are a remarkable cure for troubles of the kidneys and liver, biliousness, backache, dizziness, sour stomach or indigestion, and for eczema. The direct action is on the liver, purifying the blood. The restoration of the other functions to normal action is immediate. Quaker Tonic Tablets are for sale at all druggists'. 50 cents a box, 6 boxes \$2.50. If you can't get them, write the Penn Drug Co., Oshkosh, Wis., for free sample and for free booklet, "Quaker Tonic Truths," a valuable volume on human sickness.

Do not leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be procured while you are on board the cars or steamship. It is pleasant, safe and reliable. For sale by People's Drug Co., and King's pharmacy.

His Husband During a Quarrel. Indianola, Miss., April 9.—James Bailey of this place was killed by his wife, Luella Bailey, today. Bailey had interfered in a row between his son by a former marriage and Mrs. Bailey and the woman slew him with a shotgun. She is in jail.

Confesses He Is Charles. Memphis, Tenn., April 9.—A negro dying near here has made a confession that he is Levi Charles, who caused the riot in New Orleans a few months ago in which ten persons were killed. The police thought they killed Charles.

Second Time on Earth

No Boils Nor Carbuncles Now—A Good Blood Medicine.

"I became convinced of the merit of Hood's Sarsaparilla when I took it myself as a blood purifier. So, when my husband had boils and carbuncles I urged him to take Hood's and the result was that when he had used but one bottle the boils had nearly all disappeared. He continued the use of the medicine and after taking two bottles he was completely cured, and, as he expressed it, felt as if he was on earth for the second time. He has never had any boils since. We take Hood's as a spring medicine and gladly recommend it." Mrs. A. E. STAYSA, Yonkers, N. Y.

Scrofula from Birth.

"I have found Hood's to be the greatest blood purifier I ever took, and I have tried many medicines. I was a sufferer with scrofula from birth. My eyes were so badly affected I would be almost blind for a week at a time. My neck began to swell so that I could not breathe freely. Medicines failed to do me any good until I began taking Hood's Sarsaparilla. Today I have excellent health and my eyes give me very little trouble. I owe it all to Hood's, which I recommend to all suffering from any disease of the blood." Miss KETIE McGUIRE, Silver Creek, Ky.

That Tired Feeling.

"I cannot say too much for Hood's Sarsaparilla as a remedy for that tired and worn out feeling one has in the spring. As a strength builder and appetite creator it has no equal." Mrs. L. B. WOODARD, 285 Ballou Street, Woonsocket, R. I.

BRODHEAD.

Mr. Harry Murdock came home from Madison Wednesday evening.

Mr. Lou Hahn went to Chicago on Saturday, returning Monday evening.

Messrs. L. W. Terry and Ed. Ross left Tuesday for a visit with relatives in Nebraska.

Mr. F. J. Moore has been detained at home by illness since last Friday but is improving.

Mrs. Mary M. Kinyon and little son, Earl, of Clinton, are visiting friends in the city.

C. J. Sherman and son, John, went to Chicago Wednesday, and Mrs. Sherman to Janesville.

S. F. Suck of Freeport is employed as tonorial artist at John Keenan's shop, Mr. Menor having resigned his position.

Frank Bucklin is home from Madison for a short vacation.

E. O. Fleek of Janesville was in the city Thursday. We learn that a little daughter came to gladden their home a week ago.

Mrs. Clementine Fisher has purchased Dr. F. F. Richards' house and the family will occupy that until their own handsome residence on Center street is completed.

Mrs. G. G. McClure and four children arrived in Brodhead on Wednesday.

"That's a word which may not be in the dictionary in this sense of its use, but which is in very common use in some sections of the country. "She's always plecting" they say of the woman who runs to the cupboards at irregular hours and eats a piece of pie, cake, or some other dainty. This irregular eating is one of the chief causes of dyspepsia and "weak" stomach.

Diseases of the stomach and other organs of digestion and nutrition are completely cured by the use of Doctor Pierce's Golden Medical Discovery. It increases the supply of rich, pure blood, and gives the body vitality and vigor.

"A year ago I was feeling very badly," writes Mrs. Lizzie Abrams, of 138 Johnson Avenue, Brooklyn, N. Y. "Had a very poor appetite and could not eat. I could not eat, but would have to go away without even fasting the food. Chancing to hear from a friend who used your 'Golden Medical Discovery' for indigestion, I thought I would give the medicine a trial, and I can hardly express the benefit received from it. The first dose seemed to me good. My appetite returned and I was able to eat. I continued to improve and was now taking the 'Golden Medical Discovery' I do not look like the same poor, weak, and sickly creature—the result of taking six bottles of Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement. - To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for *cattarrhal troubles*, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

NOTICE TO CREDITORS.—STATE OF WISCONSIN, COUNTY COURT FOR ROCK COUNTY.
—In Probate.

Notice is hereby given that at the regular term of the county court to be held in and for the county of Rock, Wisconsin, on the 1st day of May, A. D., 1901, in said county, on the first Tuesday of Nov., A. D., 1901, being Nov. 5th, 1901, at nine o'clock a. m., the following matters will be heard and argued and adjusted:

All claims against Frederick Eldred, late of the city of Janesville, in said county, deceased.

All such claims must be presented for allowance to said court, at the court house, in the city of Janesville, in said county, on or before the 3rd day of Oct., A. D., 1901, or be barred.

—Dated April 3rd, 1901.

By the Court,
J. W. SABLE, County Judge.

day morning and the family are now settled in Capt. Randall's house until recently occupied by D. P. Smith. Mr. McClure's goods arrived last Saturday and he has been busy this week getting settled as much as possible before the family came.

Prof. Yonker is enjoying his vacation by attending the institute conductors' institute in Madison this week.

Chas. Seaberg is spending this week among old friends here. He has finished his year's work in McKillop's veterinary college, Chicago, and will spend the summer at Crystal Falls, Mich., where he has secured a position as assistant bookkeeper for the Bristol Mining Company. He expects to return to Chicago in the fall, having one more year's work in the college.

Dr. F. F. Richards has decided to remove to Janesville, and will go soon. We regret very much to have these young people leave. They will be much missed in church and social circles.

The Whist club was entertained by Mesdames A. M. Bowen and Arthur Pierce at the home of the former, on Wednesday evening. The gentlemen found their partners by answering correctly personal conundrums. The first prizes were captured by Mrs. L. U. Terry and Mr. C. W. Carpenter; consolation prizes by Mr. L. E. Lyons and Mr. Chas. Lyons.

Dr. and Mrs. F. F. Richards were surprised at their home on Tuesday evening by members of the M. E. Sunday school and church, who took this means of expressing their regard for the doctor and his wife, and their regret at the change of residence about to be made. Refreshments of sherbert and cake were served and two handsome rugs were left to brighten the new home and be a constant reminder of old friends.

Shophiere, April 8—Easter services at the M. E. church were not well attended. The program was satisfactory to all present.

At the Congregational church in the afternoon a large audience gathered to listen to the Easter song service and speaking by the choir and Sunday school. They did well.

The Royal Neighbors gave a social and dance at the new hall of Haggart and Son on Friday evening last and all present enjoyed the music given by James Murray and daughter and Mr. Wheeler of Beloit, assisted by Tod Muehl from Clinton, C. H. Welrich and Ida Sweet of Shophiere. Every one spoke highly of the new hall and its conveniences.

A few farmers commenced to work on their land last week but it is too wet and cold to make much headway.

Mrs. Crotzenburg has commenced work on her house which she intends to remodel before moving back.

The Shophiere merchants are not opposed to the new electric road coming through here. Their prices are about the same as the larger towns and they won't lose any trade. They expect to get some of Beloit's trade. That is why Beloit has been so opposed to the road.

The next dance will be held at Haggart's hall on Thursday night, April 18. Music by Harden's full band from Clinton Junction.

The Modern Woodmen will give a box social at Woodmen hall on Friday night, April 12. A cordial invitation is extended to every one. Let every Woodman be present. We expect a large attendance.

Dr. Edwards and wife of Beloit, spent Sunday with S. K. Sweet and family.

The ladies of the Congregational church society will give a five o'clock tea at the church on Thursday, April 11, from 7 o'clock. Everybody come.

WILLOWDALE.

Willowdale, April 8—Mr. and Mrs. Crane are rejoicing over the arrival of a boy on Tuesday last.

Most of the farmers in this vicinity have finished stripping tobacco. Alvia Goldsmith spent Sunday at Center.

Mrs. Charles Hatton is quite feeble.

Miss Mamie Mooney has returned from Edgerton where she has been sizing tobacco the past week.

ROCK RIVER..

Rock River, Wis., April 9.—Mrs. C. D. Balch visited her daughter, Mrs. Frank Miles, last Thursday.

Fremont Burdick of the Argentine Republic, South America, visited his cousins, E. D. Vincent and Harry Swader, Sunday.

Rev. W. C. Whitford of Milton will preach next Sabbath at the Rock River church.

Jennie Rose began school in the McRae district Monday after a four weeks' vacation.

Mr. Rahr has opened a broom factory near Clear Lake.

House cleaning is the order of the day in this neighborhood.

Katie and Bennie Vincent, who have been very sick with pneumonia are slowly improving.

MADE CERTAIN BY NEW UNION.

Allies Big Interests — Agreement by Stockholders Is Reached Just Before Court Gives Minority Owners Voice in Rule—Decision Most Important.

New York, April 9.—A combination which will control practically the entire silver and copper product of the country has been authorized by the stockholders of the American Smelting and Refining company. The capital stock of the company will be increased to \$100,000,000, according to the decision of the owners of shares at their meeting held in Delmonico's. The \$40,000,000 added to the stock of the company will be used to purchase the M. Guggenheim & Sons' properties, the only important competitor of the larger corporation. The minority stockholders agreed to withdraw their suit enjoining the majority owners from increasing the capital to take in the river.

Court Upholds Minority Stock.
This announcement came just prior to the handing down of a decision by Justice Dixon of the Court of Errors and Appeals in Trenton ordering that the stay enjoining the purchase of the property be continued, and making a general decision affecting all corporations as follows: "Before an original issue of, corporate stock for property to be purchased takes place the bona fide judgment of the directors as to the value of the property, while it is entitled to considerable weight, is not conclusive, but may be reviewed at the instance of existing stockholders, and if, on such review by a court of equity, the value of the property appears to be less than the face value of the stock the issue should be restrained."

Selling Company Still Agent.
H. H. Rogers and Leonard Lewisohn of the United States Selling company had opposed the consolidation arranged today, because the smelting company wanted to act as its own agent after the consolidation, whereas the selling company had handled the smelting company's business for years. By the terms agreed to today the selling company will again act as agent for the American Smelting and Refining company. The Metal Selling company exports about 55,000,000 ounces of silver yearly, nearly all of which it handles in its capacity as agent of the American Smelting and Refining company. The Guggenheim company's yearly export is about 25,000,000 ounces. The consolidated companies will control about 90 per cent of the business. The Metal Selling company which is recognized as a Rockefeller concern, now controls the copper trade in its yearly shipments amounting to 80 per cent of the entire output of this country. It is interested also in large foreign copper properties. The annual business of the American Smelting and Refining company is about \$75,000,000.

Dean Farrar Is Very Ill.
London, April 9.—The Very Rev. Frederic W. Farrar, dean of Canterbury, whose condition has for the last few days caused anxiety, had a restless night and this morning shows no improvement. Prayers for his recovery were offered yesterday at the cathedral.

POSITIVE PROOF

Should Convince the Greatest Skeptic in Janesville.

Because it's evidence in
Janesville. It's from a
citizen, perhaps a neigh-
bor. Investigation will
confirm it.

Mr. E. Dillenbeck, of 126 Milton Ave. retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples drug store, I had her use the remedy. It did for her all that could be expected. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

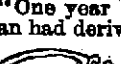

For sale by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for Y., sole agents for U. S. Also on sale at King's Pharmacy.

The story is the same, no matter what her station in life may be.
If she is one of the favored daughters of wealth,
If she belongs even to the realm of the "well-to-do,"
Or—
If she belongs to the unnumbered thousands who must work in order to live—
The story is just the same; **all suffer from about the same cause**, and in this suffering "peculiar to women," all reach the same level, and all are of the same family.
When a woman is nervous and irritable, head and back ache, feels tired all the time, loses sleep and appetite, has pains in groins, bearing-down sensation, whites and irregularities, she is not "worn out," but feels as if she were.
Such symptoms tell her that a womb trouble is imminent, and she cannot act too promptly if she values her future comfort and happiness.
The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do.

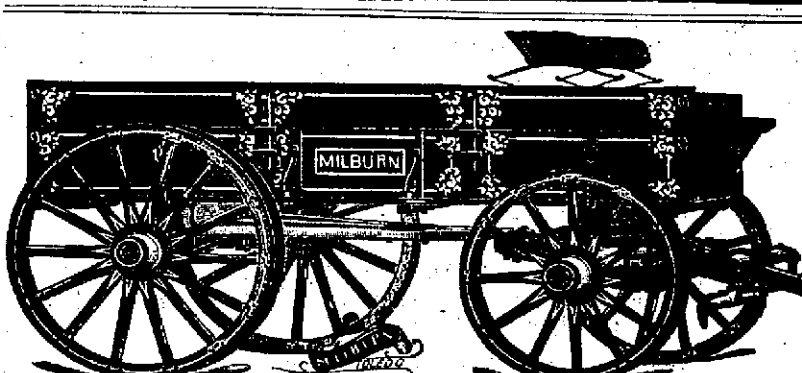

MRS. KELLOGG'S STATEMENT.

"One year ago I read a letter in a paper telling how much good one woman had derived from **Lydia E. Pinkham's Vegetable Compound**. I had been sick all winter, and was nearly discouraged, as the medicine the doctor gave me did me no good. I had kidney complaint, leucorrhoea, itching, bearing-down feeling, and painful menstruation. I wrote to Mrs. Pinkham, describing my trouble, and soon received an answer telling me what to do. I followed her instructions and have taken nine bottles of **Vegetable Compound** and used one package of **Sanative Wash** and one box of **Liver Pills**. I am well now, do not have those sick spells at the monthly period, but can work all day, and that I never could do until I began taking the **Compound**. I cannot praise the **Compound** too highly.

"I do hope every suffering woman will learn of the **Pinkham** remedies and be cured as I have been. I wish all success to the **Compound**; it has done wonders for me, and I am so thankful."—**MRS. GENIE KELLOGG, Berlin Heights, Ohio.**

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., \$5,000, which will be paid to any person who will show that the above testimonial is not genuine, or was published before obtaining the writer's special permission.—LYDIA E. THE SENATE'S RESPONSIBILITY.

The action of the senate on the primary election law will have much to do with the future welfare of the party. That the Stevens bill will be killed is not a question of doubt. If the whole question were disposed of by indefinite postponement, the people generally would be satisfied, but such radical treatment would not conserve the best interests of the party harmony.

When the bill was sent over from the assembly that body anticipated defeat in the senate and the most that was expected was to throw the responsibility of defeat on the upper house. As a matter of policy that might be regarded as a laudable ambition, but as a matter of harmony and good politics, the motive was extremely doubtful.

While the senate will not hesitate to assume responsibility, it will not attempt to carry any of the burden that properly belongs to the lower house. The senate will pass some kind of a primary bill to meet the argument of redeeming the party pledges. It will not contain very much that is radical in the way of reform, but enough to test the merits of the measure, if it possesses merit. This substitute bill will go to the assembly for approval, and that body will be compelled, as it should, to say whether or not the state shall have a primary law.

The assembly originated the movement, and created whatever enthusiasm exists for the measure. It passed the Stevens bill by a bare majority, knowing that it could never become a law. The members of the assembly, as well as the people of the state, understood then, as they do now, that the principal object to be accomplished, was to shift the responsibility to the upper house. The effort was successful and the senate thoroughly understands the situation, and the responsibility will be evenly divided when the measure is finally disposed of.

The people are thoroughly competent to say whether or not they want a primary law, and the republican members of the legislature will make a grave political blunder in passing any radical measure of this kind without public endorsement. The senate and the assembly should unite harmoniously on some basis that the party can work on. There is less sense in a political quarrel within the ranks of the party than in any other class of contention.

CITIZEN AGUINALDO.

While the oath of allegiance does not make Aguinaldo an American citizen, it does make him an American subject, and places upon him the responsibility of loyalty. It has been suggested that he visit this country with a view to studying conditions. That experiment would be all right if his American sympathizers can be corraled. Some of his Boston friends think that Funston took undue advantage of him, and that if he had observed the code of civilized warfare, that the man who resembles George Washington so much, would be still at large.

That may be true but people generally do not recognize war in the Philippines. This country inherited a rebellion, which it has practically subdued, and any means of capturing the rebel chief was legitimate and warranted.

The kindest thing that has happened to the natives was the capture of Aguinaldo. It will accomplish more in the way of restoring order and establishing good government, than anything that has occurred.

If this government can gain the confidence of the natives long enough to become acquainted with them, the islands will soon become as peaceable as any territory that we possess.

THE LIBRARY SITE.

The geographical location of the lots upon which the new public library building is to be located is not of importance. The chief requirements are plenty of room, light, heat and fresh air. The principal patrons of a public library are naturally young people. Pleasant and healthful surroundings will make them better citizens as well as more systematic readers of good books. Many successful men and women have secured the major portion of their knowledge by reading standard books, and the volumes in the public library are of priceless value to those who have been denied the blessing of a complete education. Viewed from the standpoint of those who desire to improve and build up the city, public improvements when possible, should be so distributed as to build up all sections, and not punched in any one part of town. Public buildings should be located, geographically so as to carry out this idea. Otherwise the question is not important, as the library is not maintained with the idea of increasing the value

of anybody's property. It is maintained because it is a great educator, a mine of truth and learning in which searchers for knowledge as well as entertainment may delve.

The question of the location, therefore should not be settled upon the basis of what is the best for this one or that one, but upon the basis of what is best for the library itself, and the patrons who find it of such great usefulness.

The matter should be well considered by those having it in charge and the decision finally reached will be satisfactory to all concerned.

TRUSTS AND PROSPERITY.

There are some characteristics about the era of prosperity that the country is now enjoying, that are distinctive. All kinds of ordinary business is being transacted by conservative methods, the growth of towns and cities is not abnormal, and nothing of the boom or speculative element enters into every day transactions.

Capital for speculative purposes, and large investments, is seeking other channels, and as a result large combinations are formed, and the much reviled trust is largely in evidence.

This is a good thing for the country and the outlook for continued prosperity is very encouraging. The capital invested in these large enterprises is not borrowed money. The investors are capitalist, abundantly able to take large chances, and stand heavy losses if not successful. They are not only capitalists, but they are men of wide experience in the world of finance and business. Men who have made a success of life from a financial standpoint.

The fact that a number of these men unite their forces and agree to work together, should not be considered alarming. If they can accomplish more in this way than any other, the people have no reason to complain. This country is already in many lines of industries. A combination of capital and energies will add to the strength of this enviable position, and as the nation prospers, the individual is bound to prosper.

It is well for the nation that large wealth is in the hands of men who possess an ambition to use it, rather than hoard it. One capitalist like J. Pierpont Morgan or John D. Rockefeller, is worth more to the country than a regiment of men like Russell Sage.

There is no occasion for alarm. Trusts are abundantly able to regulate themselves, and the rank and file who are not directly interested, can spend their time to better advantage by watching for opportunities, and improving them as they come along, than by worrying about a prospective empire as the result of trusts.

It's a good thing to make hay. Let the other fellow be a pessimist.

FRANCE AND RUSSIA.

The opening of the new century does not seem to be destitute of war and rumors of war. The South African trouble appears to be still far from settlement, and the relations between France and Russia on the Chinese question are still, to say the least badly strained.

Unless the good offices of other nations are extended in the interests of peace, the outlook for the dismemberment of China is extremely grave. It would be possible for England, Germany and the United States to join in effective protest: without the motives of this government being misconstrued, but it is quite doubtful if this is done.

The conflict between France and Russia would doubtless result in an invasion upon the Celestial territory that would be permanent, and would be an opening wedge for other nations, which England and Germany would not be slow to recognize. The United States is not troubled with ambition in the same direction. While humanity might prompt this government to intercede for China, the effort would be futile unless endorsed by other strong powers, actuated by the same motives.

War is always deplorable, but in these days, civilization follows so rapidly, that the end may justify the means.

There is some talk of running Carter H. Harrison for vice president on the democratic ticket. Carter has certainly had experience enough with the celebrated Chicago brand of vice to qualify him in every way for the work.

The Easter bonnet problem having been solved public attention now turns to the next difficult proposition—what sort of a new spring style bike shall I buy?

While we are tinkering up the game law why not enact a provision looking towards the suppression of the idiot who shoots men thinking that they are deer?

"I see no reason why the papers should print so much stuff about that cheap man Aguinaldo. When did he swing a hatchet?"—The Hon. Carrie Nation.

The Cubans say they are satisfied with the terms offered them by their Uncle Samuel. Wise Cubans!

Good streets are rather to be chosen than temporary repairs.

"Enough," says Aguinaldo, "I am satisfied with America." Carry the news to the Hon. Eddie Atkinson.

Overland Limited Wrecked.

San Francisco, Cal., April 9.—A special to the Chronicle from Ogden, Utah, says: News reached here at an early hour this morning of a train wreck on the Central Pacific. The wrecked train is the west-bound overland limited due to arrive in San Francisco 6:55 p. m. to-day. The scene of the wreck is two miles east of Wells, Nev. Only the most meager details from the disaster have reached here, but it is learned that two firemen were killed, that some of the cars of the train were badly smashed and that the Pullmans caught fire. It is not thought there were any fatalities among the passengers, as none has been reported to division headquarters. The train was drawn by two locomotives, both of which were damaged. The cause of the accident is unknown.

Palmer to Pay One-Half.

Nashville, Ill., April 9.—Edmund Palmer, president of the private bank at Ashley, Ill., which recently suspended, has made arrangements to settle with the creditors of that institution at 50 cents on the dollar, to pay the expenses, of the creditors' committee and attorney fees, which amount to \$650, and give his note for the balance. The offer was accepted and Palmer expects to hand over the money, the latter part of this week. In the meantime he will remain under guard in this city. There will be no attempt to have Palmer indicted by the grand jury, the state's attorney having agreed to drop the case against him when the payment is made.

KING'S DAUGHTERS HOLD A BANQUET

It Was in Honor of the Second Anniversary of the Organization— Splendid Program.

One of the daintiest banquets which Janesville people were ever permitted to enjoy was given last evening by the King's Daughters of the Baptist church in the church parlors. Each member of the society was privileged to invite a gentleman and the company was a very happy one, about eighty people being present.

Invitations were issued for 6:30 o'clock and shortly after that hour the guests were seated at the tables which were prettily decorated in pink, the society's color. Carnations and ferns were strewn on the table with beautiful effect. At each plate were pretty receptacles for salted peanuts made of gilded egg shells set in a dainty arrangement of pink paper.

The toast cards were also suggestive of the fact that the banquet was held on Easter Monday evening. They were egg shaped and were hand painted, the design being a downy yellow chicken emerging from a broken egg shell. The artistic cards were the handiwork of Mrs. F. J. Bailey and Mrs. E. C. Bailey.

The pink and white design was carried out in the supper, the following being the

Menu:
 Escalloped Potatoes Ham Balls
 Rolls Deviled Eggs Pickles
 Salted Peanuts
 Fruit Salad
 Coffee

Pineapple Cream Cake

During the supper Leo Brown and Len Farby furnished some exquisite music on mandolin and guitar. After supper came the postprandial. Mrs. J. H. Huntress, the retiring president of the society being the toastmistress. "Switches" was the unique subject under which Mrs. Myrtle Wehstone cleverly related some of the society's trials. John Cunningham gave an excellent response to "Our Jewels" paying eloquent tribute to women, children and the Christian faith. The King's Daughters were splendidly toasted by Mrs. A. C. Campbell, her response being in rhyme and quite witty.

Two of those who were to respond not being able to be present on account of illness Mrs. Huntress called on Judge B. F. Dunwiddie and he made a few pleasing remarks on every subject on the program.

The success of the banquet was due to the efficient committee of which Mrs. Louise Bowerman was the chairman. The committee consisted of Mesdames T. S. Nolan, Walter Johnson, W. B. Conrad, Myrtle Whetstone, O. E. Meltzer, Frank Moses, L. L. Leslie and Fred Bailey. They were assisted in serving by Misses Kittle Stoddard, Tillie Krahn, Hattie Briz and Allie Hall. Mrs. T. S. Nolan had entire charge of the clever program.

The banquet was in honor of the second anniversary of the organization whose membership has grown from the original number of eight to nearly sixty women. The society is one of the most prominent in the work of the Baptist church and the newly elected officers are: President, Mrs. Fred Bailey; vice president, Mrs. J. H. Huntress; Secretary, Mrs. William Morris; Treasurer, Mrs. Carrie Anderson.

At 10 cents, a seamless, fast black, spliced heel and toe. At 15 cents, a ribbed top, high spliced heel and double sole. At 15 cents, "The Burlington" fast black, double sole and ankle. At 19 cents, several styles of 25 cent hosiery, black and colors. At 23 cents, Spanish ribbed, two thread, double sole dropped stitch black hosiery; also line of all black hosiery that are special values at 35c or 3 pair for \$1—a standard half dollar stocking. At 45 cents, a beautiful line of new novelties in colors.

Children's Hosiery---

The best values in town for children's all sizes, 5 to 9 1/2, at 10 cents and at 15 cents.—A line of boys' heavy school hose,

FREIGHT DEPOT ON NORTH MAIN STREET

SITE INSPECTED BY OFFICIALS OF MILWAUKEE ROAD.

It Will Be of Brick, and Extend from the Windsor Hotel to Prospect Avenue—The Bosses Also Made a Trip Over the Janesville and South-eastern Road.

The Chicago, Milwaukee & St. Paul railway will erect a freight depot on North Main street. It will be of brick and will extend from the Windsor hotel to Prospect avenue. There will be no side tracks between the Main street side of the structure and the street. They will be behind the station and there will be a wagon track on the street side.

The block between Prospect avenue and Peace court will be used for side tracks. No buildings will be erected on this block and it will be used as a place to handle cars in connection with the freight house.

It was a notable assemblage of high St. Paul officials that came to Janesville on the inspection train that marked the opening of the Janesville and Southeastern line between this city and Chicago.

Those who made the trip over the line between Janesville and Chicago were H. R. Williams, General Manager W. J. Underwood, Assistant General Manager C. A. Goodnow, General Superintendent J. B. Moll, General Road Master J. F. Gibson, Superintendent E. S. Keely, General Freight Agent F. A. Miller, General Passenger Agent E. D. Sewell, Assistant General Freight Agent J. L. King, Train Dispatcher of Janesville and Southeastern, H. E. Carroll, Train Master and A. E. Smith, Chief Engineer. They were met in this city upon their arrival by D. L. Bush, assistant general superintendent and P. C. Eldredge superintendent.

The train left Chicago at nine o'clock and arrived in this city at four p. m. All of the gentlemen were loud in their praise of the new line which they consider when completed will be one of the finest lines of the St. Paul system.

The track is laid with ninety-pound rails and only the best of material has been used in the construction of the road, which has been built with an eye to fast time between this city and Chicago.

The passenger equipment of this line will be the best. The day trains will be vestibuled cars equipped with all the latest appliances for safety and comfort. The new palace parlor cars run on all through trains, which will add very much to the convenience of the passengers.

About all that remains to be done is the ballasting of the track. A number of gravel trains are kept busy hauling gravel from Snipe hill and the pit on the Wheeler farm. It is expected that the work will be completed by June 1st and that trains will then be run on schedule time.

For the present the most of the trains for the new line will be made up in this city which will mean an increase in the population of the city.

It would seem from this statement that for some time to come Janesville would be the end of the division.

THE YOUNG MEN'S CLUB

The Final Meeting of the Year Held in Parlor of Congregational Church Last Evening.

The Young Men's club of the Congregational church held their final meeting for the year in the church parlors last evening. Owing to counter attractions the attendance was the smallest that it has been at any meeting, about twenty-seven being present.

Supper was served at 6:30 o'clock and full justice was done the delicious menu. The upper was one of the best that has been served during the past winter and was thoroughly enjoyed.

T. O. Howe was the leader of the meeting which followed the supper and the subject under discussion was the Philippine question. The subject was subdivided into three topics. The first, "What was our duty as a nation to the Philippines and to ourselves when Dewey destroyed the Spanish fleet in Manila Bay?" was ably discussed by J. Craig and W. S. Jeffris.

Morris Erickson and Frank Smith talked on "What shall we do with Aguinaldo?" and W. J. Rothermel and George S. Parker answered the question, "What is our duty now toward this people?"

A general discussion followed which was very spirited. A variety of opinion was expressed on all the subjects and the meeting was one of universal interest.

Fully one hundred couple attended the party given last evening by the T. A. and B. society at Assembly hall. The orchestra from the State School for the Blind furnished the music and added very much to the pleasures of the evening.

Mrs. Charles Daly of Milton avenue entertained a party of young people last evening in honor of Miss Lizzie McCann, who will be married tomorrow morning at St. Mary's church. To Mr. Matthew Rodwig of Freeport. Cards formed the principle amusement and a very enjoyable evening was spent.

Brigham, the lecturer, who appears at Court Street M. E. church is a combination lecturer and ballad singer. Prof. Torrens and Chas. Sendlinger, the famous tenor singer, both say that he is the greatest lecturer on the platform. Mr. Brigham has a charming tenor voice and sings ballads beautifully.

KILL HORSES FOR MARKET.

Cayuse Pony Meat Shipped to Norway and Sweden.

Portland, Ore., April 9.—The horse abattoir at Linton, which was shut down last fall, has started up again. As conditions are more favorable now or its successful operation, it is likely to be kept running indefinitely. About 800 cayuse ponies have been sent in from the ranges, and it is probable that 10,000 will be slaughtered this year. It is estimated that there are more than 500,000 cayuse ponies ranging over the country tributary to this market. Stockmen are very anxious that these horses should be driven away to preserve the ranges to cattle and sheep. Horse meat has found favor in Sweden and Norway and several orders have been received from there.

Bride Dies After Ceremony.

Cincinnati, April 9.—Detective Fred Hayes of Chicago and Miss Jeanette Evans of the same city were married here at 6 a. m. at the residence of the bride's sister, and at 1:30 p. m. the bride, who was ill with peritonitis, passed away. The bride came here a week ago from Chicago to visit her sister, and soon after was stricken with the grip, which developed into peritonitis. Her condition became so critical that Mr. Hayes was notified and arrived here yesterday. A license was procured and the ceremony took place as stated.

Count Will Wed a Fortune.

New York, April 9.—The romantic story of the courtship of Miss Marie Satterfield, the daughter of Mrs. John Satterfield of Buffalo, and Franz Josef, Count von Larisch, of Austria, has become known at Allentown, Pa., through friends of the couple, according to a dispatch from that city. The prospective bride, who has just reached her majority, met her future husband a year ago, while touring the continent. The count, who is 22, came to America several months ago, proposed marriage, and was accepted.

SITES PROPOSED FOR THE PUBLIC LIBRARY

MEETING OF THE BOARD HELD LAST EVENING.

Some Valuable Advice Is Given by J. T. Jennings, the Architect of the State University—Special Attention for the Room to be Used for the Children.

Members of the library board held a meeting last evening for the consideration of the various propositions which had been made to the site committee. The subject was thoroughly discussed but it was finally decided the members were not well enough informed as to the advantages of the various sites to take a final vote. Last evening was the first time when the board was in possession of all the bids and it was decided to leave the decisive action until next Saturday evening. At that time the merits of the various sites will be presented by the members of the board who in the meantime will possess themselves of the arguments in favor of each particular site, after which the final vote will be taken. J. T. Jennings, the architect from the university of Wisconsin was present and gave the library board some practical advice. He advised them first of all not to spoil the building by purchasing too small a site and he urged the importance of making the children's department one of the most prominent features.

He advised them to choose a classic style of architecture and not to submit the plans to competition. More satisfactory results would be obtained by employing an architect of an established reputation. In competition architects draw the finest plans possible, regardless of cost limit.

Mr. Jennings exhibited some plans which he had drawn merely as suggestive, at the request of Mr. Mayne. The plans are for a two story building with a basement and could be built within the sum allowed.

On the engineering building at the university his estimate was \$39 higher than the actual cost. As he is in the employ of the state the work which he has done is prompted by his own interest. He is not permitted to serve as a private architect and consequently his attitude was not prompted by personal ambition.

The propositions which the site committee have received follow, the net cost to the city being given. In several instances the owners offer to make donations but these have been subtracted:

M. Dawson, corner Wisconsin and North First streets, 132x132—\$2,500. Stevens house property, corner of Franklin and Dodge streets, 132x132—\$9,000.

W. H. Parker, corner East Milwaukee and Division streets, 4 1/2x10 Amos Crall est., corner of Jackson and Wall, 99x90, \$4,000.

William Gill Dead.

Mrs. George Butler of South Main street, received a dispatch last evening announcing the death of her father, William Gill of Northport, Mich. He had been a great sufferer, and death came to him as a happy release. He will be remembered by many Janesville people, as he always made this city a stopping place on his way north from his southern home.

Want to Go to South Africa.

New York, April 9.—A rather unexpected result has followed Mr. Chamberlain's recent speech in support of the scheme for sending women out to South Africa at the conclusion of the war, says the London correspondent of the Tribune. An enormous number of these letters has been received from women eager to emigrate and reluctant to wait till hostilities are ended.

Kansas Convicted of Murder.

Marion, a.k.a., April 9.—Robert H. Burton was today convicted of murder in the first degree for killing Frederick Hoffman, a neighboring farmer, last November, and was given a life sentence. They quarreled over a girl and Burton shot Hoffman in the face with a shotgun.

ALLEGED HAZING AT HARVARD.

Two Students Under Care of Doctors for Weeks.

New York, April 9.—A special to the Herald from Boston says: The cruelty practiced in the initiation of members into the exclusive secret societies of Harvard, made public through the serious injuries sustained by Enos S. T. Richardson of New York and A. W. Mason of Boston, both of whom have been under the doctor's care for several weeks, is giving the members of the faculty considerable concern. Several professors said that no official action would be taken by the college authorities until the return of President Eliot, who is expected home soon.

REMARKABLE SUCCESS.

Of a New Catarrh Cure.
A large and increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigation has clearly proven that many diseases, known by other names, are really catarrh. Formerly the name catarrh was applied almost exclusively to the common nasal catarrh, but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages.

In fact, wherever there is mucous membrane, there is feeding ground for catarrh.

The usual remedies, inhalers, sprays, douches or powders, have been practically failures as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions, without having the remotest effect upon the blood and liver, which are the real sources of catarrhal diseases.

It has been known for some years that the radical cure for catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

A new internal preparation which has been on the market only a short time, has met with remarkable success as a genuine, radical cure for catarrh.

It may be found in any drug store, sold under the name of Stuart's Catarrh Tablets, large pleasant tasting lozenges, composed principally of antiseptic ingredients, Eucalyptol, Guaiacol, Sanguinaria, Hydrastin and similar catarrh specifics.

Dr. Ainsley, in speaking of the new catarrh cure says: "I have tried the new catarrh remedy, Stuart's Dyspepsia Tablets, upon thirty or forty patients, with remarkably satisfactory results. They clear the head and throat more effectually and lastingly than any douche or inhaler that I have ever seen, and although they are what is called a patent medicine and sold by druggists, I do not hesitate to recommend them as I know them to be free from cocaine and opiates, and that even a little child may use them with entire safety."

Any sufferer from nasal catarrh, throat or bronchial trouble, catarrh of the stomach, liver or bladder will find Stuart's Catarrh Tablets remarkably effective, pleasant and convenient, and your druggist will tell you they are absolutely free from any injurious drug.

Magnetic Healing.

A Health Restoring Treatment.

Prof. Funk's Success

In curing disease is evidenced by the steadily increasing demand for his services. Nature's powers of healing proves a blessing to chronic sufferers and brings health and strength to the weak. Many have given testimony of the benefit received and cheerfully tell what this mode of treatment has done for them. Will mention that of a lady over fifty years old. Has had stomach and bowel trouble and constipation for many years. Her head ached almost constantly, due to chronic gastritis; her bowels did not act without the daily use of purgatives. She says

"I am glad to say that I have taken Magnetic Treatment by Prof. Funk. I have taken but three treatments and can honestly say I have had more relief from headache and pain in my stomach since I commenced treatments, than I have had from all the medicine I have taken for years. I cheerfully recommend Prof. Funk's method to all who have been suffering as I had been."

MRS. HERMAN KREBS, Janesville, Wis.

Prof. Funk treats all manner of disease, acute or chronic, without the use of drugs, surgery or mechanical appliances of any kind. Investigate this method of healing, it will cost you nothing and may mean health and strength for you. He treats all honestly, if he can not help you he tells you so and gives every one the benefit of examination and consultation absolutely free. There is nothing mysterious or superhuman about this method and he is always willing and glad to explain Magnetic Healing to any one interested and extends to the suffering a cordial invitation to investigate his method of healing. He has cured others, he can cure you. Office, opposite post office, over McDaniels & Achterberg's tailor and furnishing store. Office hours: 9 to 12 a. m., 1:30 to 5 p. m., 7 to 9 p. m.

Girl Braves To Save Pupils from Drowning.

FLOOD LIFTS SCHOOLHOUSE.

Teacher Near Harrison, Neb., Makes Her Way to Shore, Secures a Horse and Rope, Returns to Building and Saves Children and Building.

Harrison, Neb., April 9.—An extraordinary incident of the White river floods happened here in the afternoon when Miss Lizzie Cottman saved thirteen children from drowning. Incidentally the daring woman also saved schoolhouse No. 19 for the Sioux county taxpayers. The whole affair is replete with heroic incidents. Miss Cottman is now in Harrison, as school No. 19 must be abandoned for several days. The building, a small frame structure, occupied a small glade 100 yards from the bank of the White river. The stream had in the last few days reached the proportions of a torrent because of the melting snow and rain. Gradually the water backed into the ravine, and when Miss Cottman arrived in the morning the scholars were making merry in the building, which was nearly surrounded by the water.

Flood Surrounds the Building.
An hour later Miss Cottman was frightened by hearing the water passing under the house with a roaring sound, which gradually increased. The land was twenty feet away and the water there was deep. The teacher at first concluded to wait for the assistance of some passing farmer. None came, and in an hour she felt the building shaking. The supports were giving away. Then she rushed outside and sprang into the flood, after making the children promise to wait inside. The little ones pressed their frightened faces against the window and screamed as they saw their teacher battling with the flood. Miss Cottman found the water nearly over her head, but she got through. Then she secured a horse which one of the children had ridden to school. From the stable she took a rope, and, leading the horse back, plunged again into the torrent. The rope she fastened around the horse's neck; and the other end she made fast to the door jamb of the building.

Drags Schoolhouse to Shore.
By this time the building was floating and ready to drift off into the flood. It required desperate work to swim the horse back to the shore, and Miss Cottman was forced to hold its head above the water to keep it from drowning. Then the animal dragged the building close to shore, and it was tied to a tree and the children sent home. The citizens are talking of the manner in which the heroic girl may be rewarded. The county commissioners will be asked to donate her at least the price of the building she saved.

Miss F. B. Taylor of Chicago and H. H. Weatherspoon of Portland, Ore., married on a passenger train.

The Best Blood Purifier.
The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. (Sixty-eighty-eight.)

Wilmington, Ill., Jan. 3, 1901. Matt J. Johnson Co., West Superior, Wis.—Gentlemen: My wife for several months had been afflicted with an acute attack of rheumatism. Tried Mount Carmel (Michigan) medicinal springs and other health resorts, but found little, if any relief. My attention was called to your GREAT BLOOD AND RHEUMATISM CURE, 6088, and she had scarcely used one bottle of the remedy when my wife showed rapid improvement. She continued the use of the medicine and when the third bottle was used, she was able to resume her household duties. I cheerfully recommend the medicine to any one afflicted with rheumatism.
Very Respectfully,

R. J. Sarasy—Dear Sir: For twelve years I have fought the condition of my stomach. Every morning, almost without exception, while harnessing my horse, I would have to stop and vomit my breakfast. My distress was great and continual. After taking two bottles of Trymi I find all my symptoms of Dyspepsia and Bowel Trouble have left me and I cannot find words strong enough to praise Trymi. I am sure Trymi will do all that is claimed for it.
 Respectfully,
